19th April, 2016

Dear Parents/Guardians,

Fundraising Campaign for Quake Victims in Ecuador

The serious earthquakes which struck Kumamoto and Ecuador have resulted in many casualties and injuries. Victims are left homeless, and are in need of food, medicine, clothing and material support.

As a part of our response at St. Paul's College we will have a collection in the school on Thursday 21st April, 2016. A donation box will be placed at the front and rear entrances of the school in the morning. Students can also go to the covered playground at recess to make their donations at a counter set up by the Students' Association. All donations are given voluntarily and no pressure will be put on any student to give.

I hope you will encourage your son/ward to donate generously, either in cash or by cheque. All proceeds will go to World Vision Hong Kong, and will be used for emergency relief in Ecuador, in particular. For more information, you can visit their website: www.worldvision.org.hk/our-work/ecuador-earthquake-relief. Cheques should be crossed and made payable to "World Vision Hong Kong". If you need a receipt for a donation, please write your name, your son's/ward's class and class number on the back of your cheque.

Thank you.

Yours sincerely,

Principal
