2. Subject Allocation Procedure

How does it work?

- 
- Students rank the Elective Subjects and Mathematics Extended Modules according to their preferences
 - A computer software programme is used to generate an academic structure that can highly accommodate students' preferences
 - Allocation of Elective Subjects according to students' final order of merit in F.3
 - Allocation of Mathematics (Core only / Core + M1 / Core + M2) according to students' mid-year and final Mathematics examination results
