

Community Awareness Project

YOUTH SERVICE LEARNING CONFERENCE

10th July, 2012 (Tuesday)

08:45 - 21:30

PROJECT BRIEF

The 160th Anniversary Community Awareness Project (CAP) will take place in Hong Kong and China from 8 to 19 July, 2012. Hosted by St. Paul's College, the event will run in conjunction with Christian Action and U-Hearts. Some 70 students, teachers and volunteers from the United States and Australia will meet in Hong Kong to set off a 12-day community awareness project. The project comprises of three major events: *1) Youth Service Learning Conference; 2) Service Learning Trip to Guangxi and 3) Sharing and Celebrating Days.* The project will include training sessions, hands-on service projects, creative workshops and youth social evening, offering the participants the opportunity to impact the world through their active participation in volunteer-related causes. Since its inception in 2008, the Community Awareness Project has become one of the stellar events in the Global Classroom Programme of St. Paul's College. Different service projects held in Henan (2009), Guizhou (2010) and Qinghai (2011) were well received by students and teachers.

You are cordially invited to join *the first part of the Community Awareness Project – Youth Service Learning Conference* which will be held on *10th July, 2012 (Tuesday) at St. Paul's College from 09:00 to 21:00.* We are now recruiting not more than 40 students from your school to participate in the conference. *Form 2 to Form 5 students are welcome.* We deem this conference an excellent channel for students to widen their horizons and learn to be servant leaders and hope you could nominate a maximum of 40 students to participate in this unique and innovative project. For more details and registration forms, please visit the project website <http://spccap.shuttefly.com>. The deadline of application is **10 May, 2012.**

PROJECT THEME

In the spirit of enhancing community-minded qualities in the participants, the project theme is *'The Little Things In Love That Count'*. Through this project, it is hoped that the participants will reach beyond their boundaries and learn more about the volunteerism around the world. And more importantly, the participants realize that love will work wonders. Though the project can only accommodate some 40 students per school, the community reach to the beneficiaries is still far and broad. The service learning experiences will have a lasting impact on themselves and someone's life. As years go by, they will discover that inspiration has been turned into aspiration, and aspiration into realization.

Part A: Youth Service Learning Conference

Date	Schedule	Programme	Remarks
Tue 10th July 2012 (A.M.)	0845 - 0900	Registration & Check-in
